

THE CLEAR ALTERNATIVE TO BRACES[®]

A Clear Alternative

Developed with orthodontists, Invisalign is a virtually invisible solution, so you can smile both during treatment and after. In fact, almost no one will know you are wearing them unless you tell. By using a series of clear, removable aligners that are changed about every two weeks, Invisalign gradually moves your teeth toward the smile you've always wanted.

Clear, Removable, Comfortable

Invisalign is comfortable to wear and easy to live with. You visit your doctor every month or two to check your progression and get new aligners. Average treatment time is about a year. Because the aligners are removable, you can continue to eat your favorite foods. And you can brush and floss normally to keep your teeth and gums healthy.

RESULTS YOU CAN SEE

BEFORE INVISALIGN

AFTER INVISALIGN

SPACING TREATMENT
Nine months, 19 aligners

CROWDING TREATMENT
Seven months, 14 aligners

Actual treatment time and results may vary.

Treatment Options

Not only is Invisalign versatile, helping to correct a broad range of dental and orthodontic issues, but it really works. An experienced Invisalign doctor can work with you to correct:

CROWDING
Not enough room for the teeth

SPACING
Spaces between the teeth

OVERBITE
Protruding upper teeth

UNDERBITE
Protruding lower teeth

DEEP BITE
Upper front teeth hide lower

OPEN BITE
Back teeth are together but space is present between the front teeth

The hygienic benefits of straighter teeth

HEALTHIER GUMS

Properly positioned teeth are easier to brush and floss than teeth that are crowded, crooked, or spaced too far apart. Properly aligned teeth can help gums fit more tightly around them,* which may lead to better periodontal health.

EASIER CLEANINGS

With maintenance of good oral hygiene, the chances of having plaque retention, tooth decay, or periodontal (gum) disease can be reduced.

DECREASED RISK OF ABNORMAL WEAR

Properly aligned teeth can be less stressful on the supporting bone/jaw joints.

ORTHODONTIC TREATMENT COMPARISON

	INVISALIGN	TRADITIONAL BRACES
Clear	Yes	No
Removable	Yes	No
No metal brackets	Yes	No
